A word from the Governor

Dear Lions Club members, dear friends,

It is a great honor for me to stand before you today to inaugurate my term as Governor of District 113 Luxembourg. It is with equal dedication and humility that I will embrace the responsibilities that come with this role. Indeed, I will do everything in my power to live up to the task you have entrusted to me.

The Lions members of District 113 have been an inspiration to me with their tireless commitment and motivation in serving the cause of Lionism.

I will therefore devote my term as Governor to two global causes that I believe are of paramount importance: eye health and malnutrition.

I will also focus on promoting our youth, who are so well represented in Leo Clubs.

Another priority will be to revitalize and increase the flexibility of our clubs.

A real challenge will be the creation of a “passion club” centered around the theme of automobiles. I hope that new Lions members who are passionate about cars will be able to derive the necessary added value from this, which will lead to many service activities centered around what is so dear to their hearts.

A second, slightly less ambitious challenge will be to recruit at least 65 new members for our existing clubs. This objective is part of “Mission 1.5,” which aims to reach a total of 1.5 million Lions by 2027.

Finally, the various twinning arrangements between districts are particularly close to my heart. Whether it be FRABELUX, TRIPOLIS or others, they all give us the perfect opportunity to take Luxembourg Lionism beyond our borders and promote it among other districts, whether near or far.

Rest assured, dear fellow Lions, that I will devote my term as Governor solely to serving the noble cause of our venerable movement and its clubs. Without the clubs and their members, Lionism would not exist. It will be an honor for me and my team to support our members whenever they need it, because they are the ones who, day after day, devote themselves to our noble cause.

No, Lionism is not a movement like any other. The true purpose of Lionism is to serve others. Those who have not been blessed by life, those who have no one to help them. Lionism brings together men and women with big hearts, all motivated by the sole desire to give back to society even a small part of what they have been fortunate enough to enjoy in abundance. And it is precisely in this gesture, as gratuitous as it is selfless, that the excellence of service so characteristic of the Lions movement lies.

Let us therefore continue to serve with heart and excellence!

Dr. phil. Jean-Paul HOFFMANN
Governor 2025-2026
of Lions Club International District 113 G.D. of Luxembourg
